Discontinuation Control Panel PCS 950

Ladies and Gentlemen,

With this letter we inform you about the discontinuation of the PCS 950 control panel which you got delivered with your mesh welding machine.

Because of the advanced life-span of the PCS 950 the manufacturer is not able to offer service or repair for the PCS 950 anymore.

The discontinued product can be repaired until the 30th of September 2009 depending on the availability of spare parts.

1 Replacement product: PCS 950 *win*

For the discontinued product we can offer you the replacement PCS 950 *win* control panel.

2 Compatibility

The replacement product is hardware compatible with its predecessor and can be exchanged easily by its user without special knowledge. The system specific software for the PCS 950 *win* will be uploaded by Schlatter.

3 Possible actions

Please check your plants and machinery at need and contact us if you have any questions. Our helpdesk will help you with pleasure.

4 Exchange by a Schlatter service-engineer

If you wish that the exchange is performed by a qualified service-engineer we are willingly to make you a quote. The service-engineer is also capable to transfer your saved mesh-programs from the PCS 950 to the new PCS 950 *win*.

For questions and information we are always at your disposal.

You can contact our Helpdesk with your questions at +41 (0)44 732 74 20.

For a quotation or order please use the contact-form or contact our spare-parts department at +41 (0)44 732 71 11 or by E-Mail at spareparts@schlattergroup.com

Article	Ordernumber	Delivery-time (Working days)
PCS 950 win	41.30.016	10 – 15

Best Regards.
